

Jesus Lives In Me

***Oh I want to be like Jesus in everything I do
Lord I never want to disappoint you
But this war inside my spirit rages on and on
And though I fight with all my might
Sometimes I'm just not strong
At times I want to quit this race that
I've been called to run
But then I stop and think on you and all that you have done
Then I realize I'm just a man the victory's not in me
But it's in the blood that you shed when you died on Calvary***

***Then my heart sings and the joy of the Lord fills my soul
And I find the strength in you, I need to carry on
Although I'm just a man and weak I may be
I have the strength to fight the fight
Because Jesus lives in me***

***Lord you've always been faithful yet you I've always failed
You created Heaven, I deserve no more than hell***

*Yet you desired that I should be forever by your side
So you left your home, you left your throne
And came to earth to die
You paid a price upon the cross that I could never pay
With your blood you cleansed my soul and washed my sins
away*

*And my heart sings and the joy of the Lord fills my soul
And I find the strength in you, I need to carry on
Although I'm just a man and weak I may be
This race I run I'll finish
Because Jesus lives in me*

*So though I sometimes stumble and slip along the way
And though I sometimes fall down I will not stay
For even in the darkest night there's an unseen hand
Who picks me up when I fall and helps me to stand*

*And my heart sings and the joy of the Lord fills my soul
And I find the strength in you, I need to carry on
Although I'm just a man and weak I may be
This race I run I'll finish
Because Jesus lives in me
